Green Point opens a second branch in Indonesia

Surabaya, 9 August 2018. Compressor specialist BITZER's service network Green Point has opened a new site in Surabaya, Indonesia. Both companies have been pioneering in Indonesia, being among the first compressor manufacturers and service providers in the island country.

BITZER has been represented with an office in Surabaya since May 2016. On 10 July 2018, the world's largest independent manufacturer of refrigeration compressors also opened a branch of its service network Green Point in the port city: Green Point offers professional compressor repair, maintenance and overhauling of its compressors, Original BITZER Spare Parts and oils as well as an extensive range of services, such as preventive maintenance, oil analysis and many others. This enables customers and partners to protect their products and business. The network consists of numerous members who have long-standing partnerships with Green Point and BITZER itself.

Back in 2007, the first Green Point office ever was opened in Jakarta – marking the beginning of the Green Point era. The office provided all information necessary to develop and improve the new concept. Luca Bernini, Managing Director PT BITZER Compressors Indonesia and Green Point Indonesia, is delighted: 'We successfully opened our second Indonesian Green Point in the presence of many of our customers and end users. This important investment is a strong commitment again to the Indonesian market to give more widespread regional support to all BITZER customers in East Java.' About 50 customers attended the office opening. In the evening of the same day, around 80 customers and BITZER Indonesia staff members participated in the evening celebrations at Shangri-La Hotel Surabaya.

Green Point Surabaya representative:

Mr Esa Fadillah Affandypurwana, Technical Sales Manager, Esa.Fadillah@bitzer.co.id

Press information

The BITZER Group is the world's largest independent manufacturer of refrigeration compressors. With its distributors and production facilities for reciprocating, screw and scroll compressors, as well as heat exchangers and pressure vessels, BITZER is represented all over the globe. In 2017, 3,500 employees generated sales of €740 million.
